TOM RUSSELL

Partner // Founders Entertainment

"Interning at Superfly was an incredibly valuable experience for me, and there is no question that without it I wouldn't be where I am today. The Superfly team recognizes the importance of internships, and they make sure interns get as much out of the experience as possible. If interns prove their value and worth, they have a good shot at being hired, and even when that doesn't work out, Superfly does what they can to get folks opportunities in other places. Anyone looking to learn a ton about how music festivals and live events are produced, promoted, and managed, should pursue internship opportunities there."

AMY DAVIDSON

Tour Manager // Arcade Fire

"I'm proud to say I was Superfly's first intern. It led to a full-time position at the company that opened up so many doors to my career in touring. The experience and friendships I made during my time with Superfly proved to be invaluable and I am happy to say fifteen years later I am still a part of their extended family."

EVAN TZENG

Creative Strategist // Superfly

"In the four years since my first day as a Superfly intern, I have not had a single boring day. It's an amazing, exciting, and challenging work environment where everyone works hard and plays hard. I can't imagine what my life would be like today if I hadn't interned at Superfly - I can't imagine anywhere else I'd rather work."
